

## Ratchet Screwdriver Set 19pc

A 19 piece set comprising of a ratchet screwdriver with magnetic bit holder and a soft grip handle, supplied in a belt holster containing 18 popular bits in chrome vanadium. The ratchet mechanism has a forward, reverse and lock setting, which is selected using the collar at the base of the handle for easy one-handed use. And it uses 1/4" shank bits, which are not only quick and easy to change but always close to hand thanks to the belt clip with integral bits organiser.
