

Pipe Cutter 22mm

A pipe cutter which allows single handed operation and cuts copper and plastic pipes. Just clip on and rotate and the pipe will be cut cleanly without burred edges. Ideal for use by plumbers, kitchen/bathroom fitters and DIY enthusiasts.

Additional Information

- Self-locking & self-adjusting, eliminates external burr.
- Design allows single handed operation; size ideal where access is restricted.
- Simple clip & twist action cuts copper and plastic pipes quickly & cleanly.
- Smaller size (15mm) available, please see Kamasa Part No. 55777.
- Pack of 5 spare blades available, Kamasa Part No. 55779.
