Off-Line Trowel Kit

Selling Points

This innovative trowel set features a quick adjustment for angled fixings with a simple touch button allowing the positioning of the head to be fixed through 360 degrees. Allows the user to easily adjust the blade to any angle, giving access in awkward areas. Ergonomic handle design gives comfort in any direction. Light weight with three interchangeable blades, one for plastering, one with square notch for floor tiling and one with U notched for vinyl and carpet tile adhesive.
