

## Caliper & Divider Set 3pc

A 3-piece spring-type caliper and divider set providing a range of measures, perfect for: engineers, fabricators and mechanics. Useful for measuring both internal and external dimensions, the distance between two points and for marking out. These are made from carbon steel and feature a knurled knob for adjustment.

### Additional Information

- Set includes 6" (150mm) internal & external calipers & divider.
- All tools easily & precisely adjusted with simple screw.
- Calipers measure internal & external size of an object.
- Divider easily measures & marks required locations.
- Ideal for use by engineers, fabricators, mechanics & woodturners etc.
