

## Curved Jaw Locking Pliers 125mm

Curved Jaw Locking Pliers, ideal for a variety of applications and material shapes. They are manufactured from Chrome Vanadium with Nickel plating for strength & corrosion resistance.

### Additional Information

- Length: 125mm (5"); Capacity: 25mm.
- The curved jaw shape allows increased grip & better for fitting around curved work shapes. Integral wire cutter.
- The pliers classic trigger release provides maximum locking force. The hex key adjusting screw tightens to adjust pressure and also provides a controlled release.
- Jaws and cutting edges are hardened, ensuring they stay sharper for longer.
- TPR ergonomic soft grip handles.
