

Curved Jaw Locking Pliers 225mm

Curved Jaw Locking Pliers, ideal for a variety of applications and material shapes. The pliers classic trigger release provides maximum locking force. The hex key adjusting screw tightens to adjust pressure and also provides a controlled release. They are manufactured from Chrome Vanadium with Nickel plating for strength & corrosion resistance, with the jaws and cutting edges are hardened ensuring they stay sharper for longer.

Additional Information

- Length: 225mm (8 3/4"); jaw opening: 55mm.
- Manufactured from Chrome Vanadium (50 CR-V) with carbon steel handle & screw.
- Twin colour thermoplastic rubber (TPR) ergonomic soft grip handles.
- The curved jaw shape allows increased grip & better for fitting around curved work shapes. Integral wire cutter.
- Also available from Kamasa; 125mm curved jaw locking pliers (Part No. 56139), 180mm curved jaw locking pliers (Part No. 56140), long nose locking pliers (Part No. 56142).
