

## Metalworking File Set 10pc

A comprehensive set of engineer's files including 6 needle files, featuring various profiles and suitable for use on metal work. Each of the files are manufactured from T12 steel, which features a high carbon content providing better wear resistance and hardness, with soft grip handles for comfort. Ideal for use during metal work, DIY and much more.

### Additional Information

- 4x 200mm engineers' files: flat, half-round, round & triangle profiles.
- 6x 90mm needle files: flat, flat taper, half-round, round, triangle & square profiles.
- Manufactured from T12 steel with Polypropylene (PP) & Thermoplastic rubber (TPR) soft grip handles.
- A set of hand files, suitable for use on metal. Files suitable for wood also available. Please see Part No. 56154.
